CONVEX BOX POUCHES

HIGH PERFORMANCE SEALING

All Convex box pouches feature high performance hermetic seals.

- Airtight hermetic seals
- Seal through contaminants such as powder and coffee grinds
- In-house seal testing to verify seal performance and settings
- Our in-house technical team can advise you what pressure, temperature and dwell settings will give you the best sealing performance on your own equipment

PRINTING

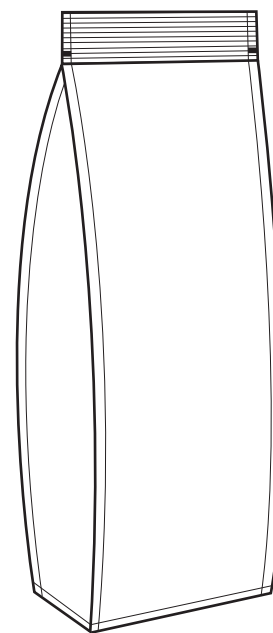

Our top quality printing and prepress will maximise your product presentation and branding.

- Multiple-award winning eight-colour printing
- Comprehensive in-house prepress service, from designs and concepts to the finished plates
- Optional custom printing on box pouch side panels
- Colour and design on pouch front and back can be different to side panels
- Optional clear side, bottom or front panels.
